ABOUT  
THINKING  
REPUBLICAN**

**This work is intended as an educational tool to serve all who are or who have ever been the victim of Republican stupidity, but in particular, it was written for the sake of those among their children, who possessed conscience and thus chose defiance, in the face of right wing stupidity being shoved down their throats. In forcing right wing stupidity upon them, diminished first, was the very purpose of childhood, and, once grown, then diminished life itself.**

**It is for these, among whom I count myself, that I write these words, because for their parents, it is probably already far, far too late to change.**

### **PURPOSE OF THIS BOOK**

The purpose of this book is to showcase what the true values of a Republican state actually are, by highlighting these values, as they are expressed by Republicans in America. But, Republican values are fundamentally the same, in any country anywhere, that is, to indoctrinate others to want what they want them to want. By showcasing the character of these values, as they are expressed in America, they can be appreciated for the actual impact that they have upon the real world, both in America and everywhere else, as well as for the far-reaching impact that they have had on this world after decades of effort and work, successfully indoctrinating most Americans to indoctrinate their own children and family, and friends into this recent Republican culture, and to great effect.

**Republican state** - a world in which church and state are morphed into a single incoherent nightmare, and from which there is no escape to any other elsewhere, until either you, or the state, finally, at long last, die;

## DEDICATION

This book is dedicated to all the victims of the cruel policies of greedy, uncaring, sponsors and promoters of Republican political movements, albeit under the banner of another name, but in particular, those that succeeded in America. This includes, especially, my siblings, all younger, each of whom was the victim of Republican stupidity. These chose defiance, instead of submission to the right wing stupidity being shoved down their throats daily, in childhood. This is, in great part, why the author chooses to write about what he does, and why his passion for doing so runs so deep, and his efforts are so relentlessly tenacious, as they are expressed in the bitterly harsh and what he hopes are harmfully wounding words that he chooses to use in his task. Each is true. He seeks to expose the frail character of the treasonously destructive evil behind the Republican veil, because that is exactly what it deserves in our now scientifically enlightened, modern world. Indeed it deserves much worse, because what all of humankind itself deserves is something so much more than petty, simple-minded, and always corrupt, Republican stupidity. Namely, it deserves *freedom from enforced ignorance* (this being how Republicans have always been able to succeed at their primary business of possessing and owning everything that they can, especially the mind, because again, it is this that is their very business: possession, ownership, and rule).

## WHAT STUPIDITY BELIEVES

When stupidity thinks about  
politics, it always thinks  
Republican.

---

The Proof: Any Republican too stupid  
to at least not yet claim to be an  
exRepublican, will probably never be an  
exRepublican, because his or her lack of  
education, lack of ethics, and/or lack of  
intellectual courage, simply do not allow  
them to, because stupidity is their way.

## **A Handbook for Thinking Republican**

**Republicans, especially evangelicals, believe that voting for someone to do your evil is not paying them to do it for you, even though that is exactly what it is.**

---

**Republicans think that backward, sixteenth-century dreams (even though they might erroneously imagine them being nineteenth century dreams instead) are not less civilized dreams.**

## WHAT STUPIDITY BELIEVES

Republicans must either not understand that voting Republican destroys the environment and civilization itself, or actually understand that it does, and deceitfully pretend that they don't.

---

Republicans do not understand that freeing the wealthy to permanently pay much less tax than everyone else does ultimately bankrupts a nation, forever.

**Republicans definitely believe that fewer people voting is a more democratic democracy, all the while knowing that it is a lie.**

---

**Republicans clearly believe that there is nothing at all wrong with enjoying the poverty or misfortune of others, any more than Republicans believe that there is anything at all wrong with celebrating the disenfranchisement of others, or reveling in the 'humanity' of their perpetual suffering.**
